Fourteen students gained maximum results in the 1970 Territory Intermediate Certificate examinations.

In 1970, 4,644 students sat for the intermediate certificate. About 20% of all intermediate students were girls.

The fourteen top students included two girls Bage Yomnao, Bumayong High School, Morobe District, and Sheila Kassman, Marianville College, Central District.

Boys gaining maximum results were: Stanley Antonio, Wesley High School, Milne Bay District; Joseph Monsen, Hutjena High School, Bougainville District; Charles Loubai, St.

Joseph's High School Rigu, Bougainville District; David Goro, Rosary College, Chimbu District; Nicholas Rop, St. Fidelis High School, Madang District; Gabriel Londron, St. Jude's High School, Mongop, New Ireland District; Archibald Kasokason, Martry's Memorial High School, Northern District; Gereia Apoi, Kwikila High School, Central District; Alexis Sovola, De la Salle High School Bomana Central District; Cassian Anduari, Brandi High School, East Sepik District; John Nonke, Port Moresby Technical College; Sa Amene, Awaba High School, Western District.

In the last months the eyes of the world were turned to Australia and our part of the world because of the visit of Pope Paul.

Now let us look at his country, which is Italy.

Italy is surely one of the most famous countries of all Europe. For several centuries its people controlled most of the world. It influenced their laws, their religion and their languages.

The early Italians were known as Romans. They got their name from their capital city, Rome. Latin, the language of these Romans, was brought to many lands and gradually developed into what is today Italian, French, Spanish, and Portuguese. Even English is almost half full of Latin words

Italians are very gifted people. Music as we know it today was developed in their country and most of the famous music of the world is Italian. Even today the city of Naples has a contest each year with any city of Europe in music and it always wins.

Italy has thousands of churches which are very beautifully built and are painted full of storytelling pictures on the inside. Paintings, statues, fountains, mo-

numents, castles are all part of Italy. The Italians are talented artists. Many of them are engineers in far-off lands where they build gigantic highways, dams, and high buildings. Most of the men who design automobiles are Italians

It was the religious houses that sprang up in Italy during the early centuries that kept and copied precious ancient books like the Bible by hand until printing was invented.

Italy is a sunny land and its people have a sunny cheerful nature. Many of them are sun-burnt and dark brown, especially in the southern parts of the land. Italy is a country of song and wine. One drinks wine everyday at the noonday and evening meals. This is the custom. Coffee and tea are expensive.

Italy is at the bottom of any map of Europe. It is easy to recognise: it looks like someone's leg with a shoe on the foot. Because Italy is almost surrounded by water, many of its people are sailors. The most famous one is Christopher Columbus who discovered America.

Some millions of persons each year come to visit the largest church in the world, which is Saint Peter's in Rome. It is Pope Paul's church.

Teachers' Association Formed

A Territory-wide teachers' association was formed during a four-day teachers' conference in Port Moresby in December.

The new association is open to all Mission and Administration teachers employed by the Territory Teaching Service.

The newly-formed association is to be called the Papua-New Guinea Teachers' Association. It was formed after a four-day conference which was attended by 43 teachers from all parts of Papua and New Guinea.

The conference was called by two teachers' representatives on the Territory Education Board, Mr. Lawrence Lavatul and Mr. Terry Chapman, to give views on the formation of this Association.

The newly elected president of the Association, Mr. Peter Lemon, a teacher from Kila Kila High School, said that the Association hopes to register with the Department of Labour as an independent body but it

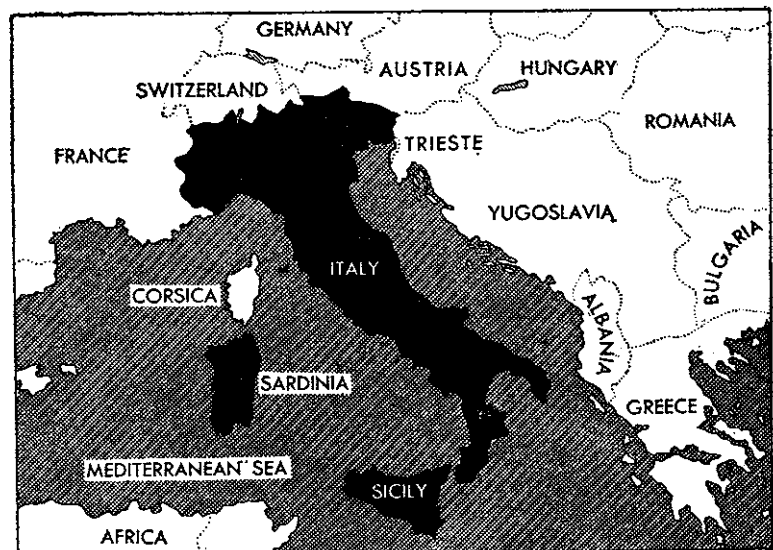

has left the way open to join the Public Service Association later.

Mr. Lemon said some of the aims of the new Association are to upgrade the standard of education for entry to teachers' colleges and to promote professional rules for teachers.

At the last day of the conference last week the executives for the Association were elected. They are:- Mr. Peter Lemon, President; Brother Peter Keaga, Vice-President; and Mr. Kevin Diflo, Secretary.

A treasurer will be appointed later. Seven other conference members were elected to the executive and each district will choose one member to the Association.

A small boy appeared at the front door of a neighbour's house and asked if he could have his arrow back. "Yes", said the housewife who answered the knock, "if you can tell me where it is". "It's stuck in your cat", said the boy.

We're inaugurating new services all the time. Like our new daily services to Kieta (Bougainville). And now we've made application for the right to fly direct to the American-owned island of Guam. Our fleet of modern aircraft has been increased by the addition of the brand new Twin Otter 300 series. Our staff is continually increasing and so are our world-standard facilities. In every way Airlines of Papua-New Guinea is truly representative of the vigorous growth of the Territory. Together, we're really going places.

ANSETT AIRLINES OF PAPUA NEW GUINEA
