Look At My Hands

The Risen Christ identified Himself by His open hands.

Those pierced hands had been hardened by honest work. They had given sight to the blind and hearing to the deaf, health to the sick and life to the dead. They had blessed the children and multiplied the loaves. Those hands had done only good. They were even nailed open.

Are our hands open too?
The open hand is the hand of friendship.
It is the hand of welcome.
It is the hand open for service.
It is the hand that caresses and soothes.
It is the hand that produces.

Lest we forget:
Only the open hand can give.
Only the open hand can receive.

We're inaugurating new services all the time. Like our new daily services to Kieta (Bougainville). And now we've made application for the right to fly direct to the American-owned island of Guam. Our fleet of modern aircraft has been increased by the addition of the brand new Twin Otter 300 series. Our staff is continually increasing and so are our world-standard facilities. In every way Airlines of Papua-New Guinea is truly representative of the vigorous growth of the Territory. Together, we're really going places.

New Primary Schools

The Department of Education has opened three new primary schools in the Western Highlands District. The new schools are at Aviamp, Tukisenta and Monokan. Each school has 40 students and one teacher.

The District Superintendent of Schools in the Western Highlands, Mr J.D. Neitz, said that this brought the total number of primary schools operated and run by both the Administration and missions in the Western Highlands to 106.

Mr Neitz said enrolment at these schools was about 6,500 pupils this year.

Company Registered

A new company fully owned by New Guineans, which was formed at Nipa in the Southern Highlands District late last year, has now been registered with the Registrar of Companies in Port Moresby.

The "Nipa-Sura" Company Ltd. was believed to be the first completely locally owned company in the Southern Highlands District.

The spokesman said the bursary, worth \$200, would assist Nori to continue his secondary education for two years. Nori hopes that after finishing high school studies, he will enter a Territory teachers' college to be trained as a school teacher.

The bursary is awarded to a student who has successfully completed Form 1 in a Territory day secondary school, and whose performance shows that he has the ability to continue his studies.

Reserve Bank Prize

Mr Henry ToRobert, Deputy Manager of the Reserve Bank in Port Moresby, said this week that the Bank would donate \$50 to create another prize in the Third Annual Short Story Contest.

Mr Roger Boschman of the Department of Information and Extension Services launched the Short Story Contest in 1969, with a personal donation of \$50 as a prize.

In 1970, Mr Ulli Beier of the Education Department at the University of Papua and New Guinea added a special \$20 prize for the best short story from a high school student.

This year's contest will cover two areas of competition. One section will be for entrants from the University,

Teachers' Colleges and other tertiary institutions, and people of mature age. The winner of this category will receive the Reserve Bank's prize of \$50.

The other category will be for high school and primary school students, and the winner of this category will receive the Roger Boschman prize of \$50.

On page 4 in the last issue of Wantok it was reported that the Select Committee report urged that Papua and New Guinea should be granted self government in the life of the 1972-1976 House of Assembly. This was not correct. What was recommended by the Select Committee and adopted by the House of Assembly was that preparations be made towards self government during 1972-1976.
