"Ah, sinful nation, a people laden with iniquity, a seed of evildoers, children that are corrupters: They have forsaken the Lord, they have provoked the Holy One of Israel unto anger, they are gone away backward."

Why should ye be stricken anymore? Ye will revolt more and more: the whole head is sick and the heart faint.

From the soles of the foot even unto the head there is no soundness in it; but wounds, and bruises and purifying sores; they have not been closed, neither bound up, neither mollified with ointment.

PNG: The land of iniquity

"Ah, sinful nation, a people laden with iniquity, a seed of evildoers, children that are corrupters: They have forsaken the Lord, they have provoked the Holy One of Israel unto anger, they are gone away backward.

Why should ye be stricken anymore? Ye will revolt more and more: the whole head is sick and the heart faint.

From the soles of the foot even unto the head there is no soundness in it; but wounds, and bruises and purifying sores; they have not been closed, neither bound up, neither mollified with ointment.

Your country is desolate, your cities are burned with fire; your land, strangers devour it in your presence, and it is desolate, as overthrown by strangers." Isaiah 1:4-7.

The Book of the Prophet Isaiah is something worth reading. He is one Prophet who is known for his boldness. In one's limited reading on the prophet and from what one has heard being preached about Isaiah, he shunned company and pretty well kept to himself, meaning, he probably spent his time wandering from place to place thus devoting himself to communion with the Holy One and was, it would seem quite content to leave the rulers of the Israelites do their own thing. However, when it came to delivering God's messages to the ordinary folks and the especially the Rulers, it can be noted that he was rootless and minced no words. The words of this God fearing man, applies equally in our own times of trouble, misery and affliction all brought about by our unsuspecting politicians who are blind with greed for money and lust for materialism and what money can buy.

When one looks around this country, one thing that strikes a newcomer is how rich the country is with all the brooks, swaps and lakes laden with waters and pregnant with life in its bio-diversity. You take a flight around the country, you can really witness the divine hand of God and as you fly over the blue mountain ranges with the moss-laden trees still carrying the morning mists or the overnight

dew as they mingle with the clouds, you are thankful that God has blessed Papua New Guinea and its people.

Then if you are flying over Tufi or the Milne Bay Islands, you find yourself wondering how there can be so many shades of the colour "blue" until you reach the deep where the seas take on a deep blue colour so as to appear really black. And then when one flies over land and one looks down to the ground and there is growth everywhere. Thus, we Papua New Guineans have a lovely country rich in physical beauty and we are further blessed with all the natural resources that one can think of.

Given that kind of setting, how is it possible that we have landed ourselves in the hands of mongrels, cheats and plain thieves as leaders who have forgotten their oath of office to serve the ordinary people. The message all over the world now is that PNG is one of the most corrupted countries in the world. This is clear because our leaders are bandits who have opted for politics as a career because it is one profession where one does not have to worry about making money. It is the only profession where one spends money aimlessly and without shame. And now take a glimpse of what these guys are capable of.

When the white man was here in the colonial days, he was well aware that he was a foreigner and that given time, the people would be able to govern themselves. And then the likes of Michael Somare could not wait for Independence to be granted.

They had to wrestle it from the Australians. And all that hype about how we were fit and proper persons all ready to govern our own country and our affairs were the slogan of the day. Then came Independence in

1976 and in less than 40 years, take a look at what we have to account for those 30 some years. Nothing, and nothing but plenty of misgivings about the way this country is being run.

Just makes you want to scream out: 'For whose benefit is this country being run by all these politicians? Just this year alone, this is what Sir Michael and his mob have done:

Firstly, they told lies to the LNG landowners that they had over 200 million kina tucked away somewhere between the Departments of Finance, Planning and Mining and Petroleum that would be immediately available the moment they signed their consent to kick off the LNG Project. Thus, the landowners went over to Kokopo, and thinking that all that ready cash was waiting for them, they signed the Project Agreement and returned to Port Moresby to collect their K200 million.

And since they returned from Kokopo, it is well over 6 months now and nobody knows what happened to all that money. Meanwhile, the three key Departments are still trying to work out how all that money disappeared into thin air. You remember what happened a few months back, when the landowners stormed the new Department Head office of Mining and Petroleum at Konedobu? The landowners walked in and found that the big bosses had disappeared, some of them having locked up their offices with heavy duty padlocks. One of them was wining, dining and dancing away at an expensive hotel in Cairns whilst the landowners were looking for their funds in the empty offices down at Konedobu.

Whilst all this is going on, the Prime Minister sacks his Planning Minister and within less than a month, re-appoints the already sacked minister and what was the explanation given by the PM as to why the sacking and re-hiring? What do you expect? Some mumbo-jumbo about how the internal investigation had cleared the guy of any wrongdoing. Like they all say: 'My conscience is clear. I have nothing to hide!'

Conscience?

What conscience has a politician? All he is ever conscious about is how to make some easy buck beyond his perks of office which are already far too high, but he will never stop to ask if the ordinary people he is bound to serve are doing OK as well.

Remember, some 2 year ago when the parliamentarians raised their salaries and all their allowances. Once curious thing is that every time these politicians raise their salaries and allowances, they always make sure that our judges also get their salaries and allowances increased as if this is their protection money in the event that someone objects to the high increases. We think the next time this happens, our good judges should reject the pay rise and tell these politicians to go to hell. It would be interesting to see what happens then.

Right now, these landowners are still waiting for all the BSA Funds that were promised to them. And there are signs everywhere that these landowners are not at all happy about the lies that this government has told them about that K200 million.

The way things look now, it is only a matter of time before something drastic happens and then Papua New Guinea will be switched on to crisis mode from where you will see Sir Michael doing his usual firing and rehiring of the boys responsible for all this mishap. Meanwhile, the LNG Partners will be sitting on their hot bed of coals not knowing who will douse a bucket of water on their backsides to cool off from the never-ending heat.

And whilst the landowners are still wondering what happened to the fortune promised to them, the State is now juggling its basket of goodies so from the press it would appear that Kroton No. 2 Limited is now holding the State's interest in the LNG project.

We are also told that Kroton will now have its own empire staffed with morons, imbeciles and the like, whom we have in abundance. We are also told that Kroton will be based in Cairns and have only a skele-

ton staff here in Port Moresby; well, there go our jobs. And why the need to maintain an office in Cairns? Well, because somebody called, "Glenn Black" who runs IPBC is based in Cairns, so the office must move to Cairns. And who is this Glenn Black anyway? Somebody should do a case study on this fellow to determine what his expertise is and why we have to bend over backward to accommodate him in Cairns.

Also whilst we are on Kroton No. 2 Limited, can somebody do a company search at the IPA office to determine the identity of the person or persons who hold the State's share or shares in trust. And has a Deed of Trust been drawn up to ensure that the shares are beneficially owned by the state? We are told that in the normal course of events, the minister for Finance and Treasury should hold the shares in trust for the State. However, the Treasury were never involved with the LNG Project from day one, hence, somebody in IPBC probably holds the State's shares which is illegal by all accounts.

The Attorney General must now move in and ensure that all the shares in Kroton are properly held by persons who are entitled by law to hold the shares solely for the benefit of the State. Anybody out there who can tell us what is going on with the State's shares in the LNG Project. Over to you politicians!

We close this column by quoting another passage from Isaiah, thus:

"Woe unto them that decree unrighteousness decrees, and that write grievousness which they have prescribed. To turn aside the needy from judgment, and to take away the right from the poor of my people, that widows may be their prey, and that they may rob the fatherless. And what will ye do in the day of visitation, and in the desolation which shall come from far? To whom will ye flee for help, and where will ye leave your glory?" Isaiah 10:103
