Amamas bilong Krismas i kam long **Reveren Sammy Setu - Evanjelikal Luteran Sios- Pot Mosbi**

Krismas Toktok i kam long Bisop Peter Ramsden bilong Angliken Sios, Pot Mosbi Daiosis.

TAIM yumi kamap klostu long Krismas long dispela yia, planti toktok i kamap long midia long ol bilip na ol samting i sut long sios.

Planti taim, ol sios lida i toktok long we bilong Bikpela, tasol long dispela taim, ol toktok i pairap long ol kaving o tumbuna bilas long Palamen Haus, ministry bilong rilijen, na God bilong Israel.

Taim yumi selebretim Krismas, yumi gat sans long glasim wanpela bikpela bilip bilong Kristieniti. Dispela em God i kamap man long Jisas. Dispela bilip o doktrin yumi kolim "ncarnation" i tokim yumi planti samting long God na yumi yet tu olsem ol man nating, tasol Bikpela i mekim yumi long piksa bilong em. Krismas i save mekim yumi tingting long God na mnan.

Gospel o Gutnius bilong John i stat wantaim dispela gutpela toktok olsem, "Long stat yet, Word o Tok i stap pinis. Tok i bin stap wantaim God na Tok em i God." (John 1:1) Dispela Tok i kisim bodi na i kamap Jisas man. "Tok i bin kamap man

olsem yumi tasol i pulap long grasia na tok tru na i bin stap wantaim yumi. Yumi bin lukim glory bilong em we em i kisim bikos em i wanpela pikinni tasol bilong Papa God." (John 1:14)

Nupela Testamen em inapim ol samting i stap long Olpela Testamen. Nupela Testamen i witness long laip, dai na kirap bek bilong Jisas na tu, long wok bilong Santu Spiritui singaut na givim gutpela tingting long nupela Israel. "Sapos yu bilong Krais, yu tumbuna bilong Abraham na bai yu kisim ol samting Bikpela i bin promis long givim.

(Galesia 3:29) Luksave long God olsem Holi Trinita o God Triwan- Papa, Pikinini na Santu Spiritu i givim piksa bilong God. Dispela em wanpela God tasol owe Olpela Testamen i toktok long em olsem God bilong Israel.. Jisas yet i bin gat toktok long dispela taim ol i askim em long Abraham.

"Pastaim long mama i karim Abraham, MI STAP." (John 8: 58)

Ol Kristen i save yusim Papa, Pikinini na Santu Spiritu long tokaut husat em God na i no dispela long Olpela Testamen we ol i tok God bilong Abraham, Isaac na Jacob. i no gat nid moa long mekim nupela kavanen o promis namel long PNG na God bilong Israel. Bikos ol Kristen i kamap famili long nupela kavanen Jisas i bin mekim.

Olsem na long Krismas, yumi amamas long God i soim em yet long yumi long Jisas. Em i soim yumi tu rot we bai yumi stap olsem ol manmeri bilong dispela graun. God i kisim bodi na kamap man long Jisas na yumi mas rispektim ol narapela manmeri. Dispela em we bilong Kris-

ten na long dispela taim, ol kolim humen rait. God i givim yumi ol geta man, meri na pikinini wankain rait na velyu na yumi tu i mas luksave long dispela na mekim gut long ol narapela. Watpo yumi mekim no gut long ol meri, pikinini na ol family memba? Ol dispela samting i no nap kamap sapos yumi bilip ong God i kamap man na i kamap wankain olsem yumi.

Yumi stap isi na tingim Krismas. Yumi stap isi na tingim God na amamas olsem log Jisas, yumi lukim pinis olgeta samting.

Wanem samting yumi laikim nau em long laip bilong Kristen disaipelsip olsem ol memba bilong nupela kavanen. Yumi stop na tingim ol narapela manmeri we Bikpela i wokim long piksa bilong em wantaim ol wankain rait. Na ol i laikim wankain luksave na rispek.

God i ken blesim PNG wantaim gutpela nius olsem zjisas i bon na yumi ken rispektim God na wanpela arapela long nupela yia, 2014. Gutpela amamas bilong Krismas long yupela.

Christmas Message 2013

HON. KASIGA KELLY NARU LLB,LLM,MP.
Governor of Morobe

Season's Greetings to my people of Morobe and to the rest of Papua New Guinea.

We have come to the end of another tough year but we still have reason to celebrate as this is the time of the year when we gather as families, clans and villages to honour our Lord and King and Saviour Jesus Christ who plays a very important part in our society and in our individual lives.

In Jesus name, I offer you my blessings as Governor and may His guiding light be with you this festive season.

Since my election as Governor in August 2012, the past 16 months has been a tough starting road for my governorship and indeed the administration of Morobe. We have faced many obstacles but I am glad to say we have persevered in our united effort to serve you my people.

As we celebrate this important date, let us not forget our responsibilities during this festive season.

If Christianity is about sharing and caring, I urge you my good people to remember what the Bible, the guiding cornerstone of our lives says and that is that 'the givers are the blessed'.

I appeal to each and every one of you as a Christian to wear this in your heart as you go about Christmas. Give with a blessed heart to the poor and disabled, warm the hearts of the helpless with a smile and a hug, touch the lost with the message of Christ, share your love with your family, forgive those who have hurt you, and most importantly celebrate this festive season in the true meaning of Christmas.

1. THE ROAD

Since my election in August 2012 as Governor of Morobe, I have come to realise that this is not an easy job and it is not for the faint hearted.

But I am a willing captain and I have charted a course for MV Morobe that will require all hands onboard to work as a team, from the administrator down to the driver, to deliver to the people of Morobe.

Our province is unique in more ways than one. The most telling factors are that it is the biggest province in terms of population density, we have 9 electorates with 33 Urban and Local Level Government. The environment we face is the biggest challenge of all.

However, we are committed. Challenges are just that, challenges. With God on our side, who can be against us? So with perseverance, we will overcome each obstacle with a clear committed goal and that is to ensure every Morobeans must reap the benefits of your Government at work.

This is easier said than done, but it can also be accomplished with the right team, the right people and the right attitude.

My appeal to each and every Morobeans is to have patience. I am committed to deliver but I also ask that you have that commitment to be patient and let your government deliver.

2. BUDGET

I am pleased to say that Morobe Provincial Government got the highest budget allocation in the 2014 National Budget. The figure may look appealing on paper but in reality, when we break it down to each LLG, each district, each village, it is simply not enough.

But in the spirit of Christmas, let us be content with what we have. Let us not be greedy. The only way to make it work is to apply our finances with honesty and transparency and with a commitment to serve the rural multitudes.

Soon, the Tutumang will sit to consider our budget appropriation and our provincial budget for 2014. Last year your government under my leadership handed down a record budget and I am pleased to say

on record that we have reached and delivered in most of the areas that we prioritised.

However, we still have to reach more people and more goals, and to cover all of Morobe, we need willingly hearts, willing hands and willing public servants who are willingly to make that extra sacrifice, walk that extra mile.

3. SAM SEWE & TUTUMANG

In November, I appointed a cabinet of likeminded and strong willed team members to better serve the people of Morobe. The Sam Sewe is well balanced with presidents from across the province who have experience and commitment to deliver in the various portfolios that they are mandated to represent. We are committed to serve in the true spirit of servant hood and cooperation. We are not here to be served but we are here to serve you our people.

We also have a very good balance of capable hardworking men and women leaders in the Tutumang who are committed to serve our people. Unlike the National Parliament, our Tutumang has no Government and Opposition. We are all one. We work as a team, we are Team Morobe.

4. INFRASTRUCTURE DEVELOPMENT

The upgrade, maintenance of existing infrastructure and development of new infrastructure is one of our major priority. Lae roads has been an ongoing concern but with persistence we are slowly but surely getting our roads fixed in partnership with the National Government. The people of Morobe thank the National Government for funding our roads in Lae.

Rural telecommunication is a major program that your government is rolling out in the rural areas of Morobe with the support of our partners to empower our rural people through telephone, mobile, radio, television and internet communications. This will continue in 2014 until all of Morobe is covered.

Rural electrification is another major program we will continue in 2014.

5. CHURCHES PARTNERSHIP PROGRAM

This is a very important program that your government is committed to uphold. The simple reason is that tithing 10 percent of our budget is a Bible based commandment. If we are truly Christians, we must hold the commandments of the Bible close to our hearts. Under this program, we will work closely with churches to assist in the spiritual development of our people. This partnership program is with all Christian churches in Morobe.

6. LAW & ORDER

Breakdown in law and order is a serious problem nationwide and in Lae, we experience this pain on a daily basis.

I am pleased to say that your government has delivered vehicles and arms to the Lae police to combat law and order problems and to be more vigilant in responding to and dealing with and curbing these problems.

I am also pleased to note that the national government has reinstated the ECP partnership with the Australian federal police and on behalf of Morobe, I welcome the 13 Australian police personnel to Lae to work alongside their PNG counterparts.

In Bulolo, My cabinet has declared that area as a fighting zone and we have given police extra powers to police this emergency. We are engaging with all stake holders to amicably resolve the Bulolo conflict and to bring lasting peace to Bulolo District.

7. EDUCATION

This is a key priority commitment for your government. To date, your government continues to support schools, vocational centres, colleges and universities with finance and buildings. My appeal to teachers and students as you go on holidays is to be committed to work hard next year so Morobe can reap the benefits of a healthy and educated workforce in the years to come.

MPG will continue to support the Gerson Solulu scholarship next year. The challenge is for those who benefit from this scheme to excel in your respective fields of study. Many new schools are coming up and

we will continue to support and fund them, such as in remote areas like Menyamy High School and Wanton High School to serve our rural communities.

8. HEALTH

Health remains a key concern for your government as this impacts heavily on the wellbeing of you my people. A healthy nation is productive to any government and this government wants to see health services, both government, church run and independent supported in 2014 and beyond. Our major hospital ANGAU is due for a major refurbishment under Australian Government assistance and I am sure the national cancer unit will benefit in a great way too.

Braun Health Centre in Finschhafen has been upgraded to Rural Hospital status. With support and funding, it will assist in easing the health burden in Morobe.

We will soon be launching in partnership with the private sector, a rural medicav service that will assist in airlifting patients and accident victims in the rural areas to our major hospitals to get medical attention. At the same time, this service will assist in the delivery of much needed medical supplies to our rural areas.

9. ECONOMIC EMPOWERMENT

We have launched a micro credit scheme to assist the ordinary Morobeans to start small businesses and work their way up. To assist in this, we have also come up with the one man one block of land policy so that no one person is disadvantaged when it comes to land allocation.

Your government is also going to subsidise freight by air and sea so rural farmers can get their cash crops and produce to markets in the main centres.

To assist Morobeans in the transport sector, we have also formulated policy that gives Morobeans greater ownership of land transport licenses by empowering you with 60 percent of land transport licenses. Make use of these and start up your own businesses such as PMV's and Taxis.

Kasiga cannot continue to give you fish but instead to teach you how to catch a fish through these initiatives. Grab it and make the most of it.

It is for your benefit and welfare.

10. PNG GAMES 2014

A year ago, we won the bid to host the 6th PNG Games in Lae. I am pleased to say that preparations are well underway with the support of the Lae business community. From this games, we will select our best athletes to represent us at the 2015 Pacific Games in Port Moresby. I urge all Morobe athletes to take the lead of our past national representatives and go for gold and to represent Morobe with pride next November. As we say: **ASA SUMBA!**

MERRY CHRISTMAS

This is my second Christmas as Governor, and I am pleased to once again share the spirit of Christmas with you here in Lae. I want to state here that since my election as your servant, I have not taken one single overseas trip. When duty requires, I travel to Port Moresby and other provinces but I have always been in Morobe to serve you.

To brighten up Lae city this Christmas, we are installing Christmas lightings at Erikuoval, Tutumang Haus, Town Police station and various roundabouts and streets in the city. May these Christmassy lights brighten up your Christian lives this Christmas.

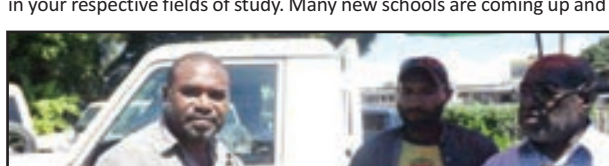

I wish you my people a very Merry Christmas and hope you enjoy in the true spirit of Christians. May you, your loved ones, your families be blessed this Christmas and a very Merry Christmas to you all.

HON. KASIGA KELLY NARU LLB, LLM, MP.

Lukluk bek long Solwara Maining

PNGGaSEM formed to stop seabed mining in PNG

By Wenceslaus Magun

THE campaign to stop experimental seabed mining in Solwara 1, by Nautilus Minerals Limited, a Canadian developer has been boosted by the establishment of a group, 'Papua New Guinea Group against Seabed Experimental Mining (PNG-GaSEM)'.

This civil society group was established on Sunday 1 December, 2013 at the Ela Beach Hotel during its second general meeting. PNG-GaSEM comprise of a coalition of resource owners, Centre for Environmental Law and Community Rights (CELCOR), Partners with Melanesia (PwM), Mas Kagin Tapani (MAKATA), Four Maisin (4M), Madang Indigenous Peoples Forum (MIPF), Madang Deputy Governor Rama Marisan, Oro Governor Gary Juffa, the PNG Council of Churches, private Lawyers Moses Murray and Thomas Elisah and some university Lecturers and students from both the University of PNG and University of Technology in Lae.

PNGGaSEM membership continues to increase as the campaign grows.

The group will be formally registered to pursue the matter further even in court to ultimately stop seabed mining in PNG.

Chairman of the group Lawyer Moses Murray, pointed out that PNGGaSEM had an important role to play for Papua New Guinea.

"Seafloor mining has not taken place anywhere else in the world. The costs of any possible environmental damage caused as a result of seafloor mining can be catastrophic and immeasurable," he warned.

He stressed further that in such a case, the State and Nautilus Minerals Ltd may not be in any position to contain the damage which can arm the marine environment, and the lives of people who live off it. He warned that those who may be affected by such damage include not just the people of New Ireland and East New Britain but everyone who consumes anything in the Bismarck Solomon seas.

"Mining on the land is much easier to track and monitor destructions made. Unlike the ocean, current flows in completely different directions," he cautioned.

He added that the mining laws must also cover the ocean and its surroundings, above and below.

He said PNGGaSEM has no funds to fight this hard battle but he called on the young members to set the pace and get the fundraising going as soon as possible.

The group is in close consultation with scientists and a lawyer abroad for support and guidance in its endeavour to achieve its goal.

Deputy Governor for Madang, Rama Marisan said on behalf of the Madang Provincial Government and the 400, 000 people of Madang Province, he extended full support on behalf of the Governor and the Madang Provincial Gov-

Executive Director for Partners with Melanesia Kenn Mondiai speaking to the group. PWM will support Papua New Guineans to protect our natural resources and identity.

Professor Chalapan Kaluwin speaking to the group and making a point to stop seabed mining.

Madang Indigenous People's Forum President, Alfred Kaket sharing his experiences of campaigning to stop deep sea tailings placement from MCC's Ramu Nickle Mine and the seabed mine campaign.

Members of the civil society groups, NGOs, University Lecturers and students attending the first general meeting to form PNG Group Against Seabed Experimental Mining at CELCOR's conference room. Yariyari Lawyer, Damien Ase (front left) Hon. Gary Juffa (next to him) and other key speakers sitting in the front row.

ernment to say "NO" to Deep Sea Mining in PNG.

He said a lot of mining activities can be seen on land and their after-maths can be visually seen. He gave examples of Panguna, Lihir, Ok Tedi, Ramu Nickel mines just to name a few which are causing great concern to PNG's fresh water, forests and sea and their biodiversity.

Lawyer Elisah a private Lawyer based in Madang in addition said, there are no laws to police, and monitor the sea bed mining.

"From the Governors' Conference level held in Madang, the support is greatly needed for this group to fight this on the floor of Parliament," he stressed.

He raised concerns that anything within the three mile zone belongs to the customary owners, but

anything outside the three mile zone is up to the State to do anything.

"Since this is the case, it needed all the political will to fight this in Parliament," he reiterated. He urged the PNGGaSEM to lobby hard for resolutions to be passed through government at the National Executive Council level to stop seabed mining.

Thomas Imal Lawyer with CELCOR said,

"The PNG Government has put the cart before the horse by issuing Nautilus Minerals Solwara 1 mining license without adequate and independent scientific studies, or comprehensive national policy, laws and regulations for Deep Sea Mining (DSM)."

"To date the PNG Government has ignored the concerns of com-

munities and other stakeholders. This has been the cause of a strong backlash from PNG's society culminating in the threat of a legal challenge."

"Whilst DSM may be a viable option for other Pacific States it is not the same for Papua New Guinea. We need to apply the Precautionary Principle. The uncertainties far out weight the benefits and it is not beneficial for the country at this time."

Meanwhile, reports obtained from Nautilus Minerals Ltd stated that it had conducted a workshop to discuss the social and environmental impacts of subsea mineral extraction on 12-13 March 2007.

According to this report, the workshop was to identify and discuss issues related to the environmental and social aspects of

Solwara 1 project.

The PNG Government has issued license to Nautilus Minerals Ltd, to mine for high grade copper, gold, zinc and other minerals in high concentrations in seafloor massive sulphide deposits over 59km² selections of Bismarck Sea. The Solwara 1 project site, is located at 1,600m water depth and is about 30km from the New Ireland and 50km from East New Britain provinces.

The government has granted a 20-year mine lease for the project to Nautilus Minerals Ltd as well as take a 30% stake in the venture.
